

Unispacer with Head Support

The Steiss Unispacer sling incorporates flared leg sections for increased patient comfort and support. Made from a cushioned and breathable 3D woven 'Spacer' material with high air permeability, offering high levels of comfort. Integrated, low-friction rip-stop nylon to the leg sections ensures easier application.

- ✓ Suitable for amputees following careful assessment
- ✓ Detachable leg and shoulder straps
- ✓ Colour coded binding tab on top section to denote size
- ✓ Coloured attachment loops promote correct/safe positioning
- ✓ Modesty loop helps protect patient dignity during transfer
- ✓ Can be customised to fulfil patient specific needs

Sling shown is Steiss Unispacer without head support.
